Parotec "P-TEC T24" Cart"

The "P-TEC" T24 / T24-PLUS mobile cart is available as Charge Only or Charge "N" Sync

24 x Bay (28mm slots) to suit devices up to 15.6" display

Charge Only:

Supplied with standard plug socket power strips and a device timer management unit.

Easy to use with easy to use cable management built in.

Charge "N" Sync:

Supplied with a dedicated Intelligent power station enabling USB powered devices to connect.

Sequential Timer / Device Management

Supplied and fitted within "Charge Only" versions of Carts
the sequential timer allows for devices to charge safely either continuously or with Pre-Set timer options such as 30mins / 1hr and more.

This protects the battery life within devices such as Chromebooks and Laptops.
